315 N Grand Blvd, Suite 100
Vancouver, WA 98661

ODOT #5289

RE: Product: RimRiser (#RR-002 Jack Nut & #RR-0034-5 Screw)
Category: Bolt Grade Adjustment System; 00470.42

Your product was submitted for review to the Product Evaluation Group of the Oregon Department of Transportation (ODOT) with the following conclusions:

In reviewing your product, we have determined that it is suitable for the use listed.

We are adding your product to our Qualified Products List (QPL) for the category listed. It will appear on the next edition of the QPL in January or July each year.

This product approval is based on the submittal made at this time. Changes or modifications to the product, however minor, nullify this approval. You are expected to furnish the product for use on each project with the same features and options as included in our review.

We will keep your information on file for future review. Please keep us advised on any changes regarding this product so that we may keep our records current.

If you have any questions, please call me at the Materials Laboratory: 503-986-3059.

Sincerely,

Dean Chess
Product Evaluation Coordinator
